

Going abroad?

Most vaccines take a while to work so fill in a travel questionnaire as soon as possible to ensure you are covered against the local diseases.

Accepting new patients

We are accepting new patients so if you know someone who needs a GP then ask at reception for the forms. Signing up is easy.

If you have any comments or queries then please feel free to jot them down and place them in our comments box.

Practice Update

WWW.CROMPTONVIEWSURGERY.CO.UK

SUMMER 2018

Expansion of the Practice Team

As part of our neighbourhood program we are able to offer appointments for the following health professionals working within our surgery:-

- Health Improvement Practitioner (Jade Crompton) – she will carry out invitation only NHS health checks, smoking cessation, weight management and cholesterol management advice.
- Mental Health Worker (Ian Hadlow)– qualified to deal problems in relation to your mental health (e.g. feeling stressed, anxious, low in mood, bereavement, having thoughts of self harm).
- From September 2018 onwards a Musculoskeletal Practitioner – they will be able to diagnose and manage any joint related or back problems.

Please ring/ask at reception if you feel you would benefit from seeing any one of these practitioners.

Due to pressures on their time, the GPs and practice nurses will not be able to issue repeat prescriptions within normal GP consultations. Please order your repeat medication in the usual way. This will help the GPs run to time.

Be Bolton, Be Healthy, Be hAPPy

Apps give people a great opportunity to get valuable health information which can help you live healthier lives. The market is full with apps, though there is no way of seeing whether information given in these apps will actually improve your health or if our personal data will be stored safely. ORCHA carries out independent and impartial reviews of health and care related apps, and you will see all that information clearly displayed throughout this website. You will know that any apps shown on this site have been through a good review process, and can be confident in choosing the best app for you.
